

Learning Center

A Learning Center subscription provides full access to all resources in the Learning Center, including self-paced online courses and recorded webinars. These resources facilitate employee onboarding and continued learning, ensuring employees are knowledgeable about and comfortable using the software.

Terms and Conditions

All users with a user account in Momentus Technologies software are eligible to access the Learning Center. A separate Learning Center account must be created.

The Learning Center can be accessed 24/7. An internet connection is required.

Some courses contain downloadable reference documents. Videos (including webinar recordings) and online courses cannot be downloaded.

Users do not have any ability to copy or edit files.

Content is created for all users of our software and may include modules not licensed to the client. Content reflects Momentus Technologies best practices, which may differ from the client workflows. Client is responsible to train their employees on their organization's specific workflows.
