Benefits of the Momentus Platform

The only platform you need to create extraordinary moments. Access the best resources, all in one place. The Momentus Platform empowers you with an integrated suite of solutions including CRM, booking, event management, accounting, reporting and API.

Drive Efficiency
Streamline tasks and workflows on a modern, cohesive platform that is rich in collaborative capabilities and designed to power up your team so you can get more done in less time.

Access Anywhere
Work on the go across all your devices on a cloud-based platform to ensure your team can share data, optimize processes and deliver exceptional event experiences.

Unlock Insights
Turn quality analytics into actionable insights on an intuitive platform that automatically synthesizes data and empowers your team to have a clear view of past, present and future events.

"
Our favorite feature is the online request forms. Having the ability for our clients to be able to request space in real time was a game changer. We were able to streamline a rather tedious process to become a lot more time efficient. "
